

## ION Switch

Specification Sheet

### Ordering Information

| Model | Height | Power | Color Temp.    | Optics | Finish        | Options |
|-------|--------|-------|----------------|--------|---------------|---------|
| IN    | M<br>L | L     | 27<br>30<br>40 | QM     | W<br>AT<br>BK | D<br>V  |

### Application

- Architectural and landscape lighting
- Surface mount
- Anchor installation
- 4 apertures, 5 light effects
- Switch for angle adjustment
- UL STD 1598, IP66, Wet location

### Luminaire

- Aluminium structure body
- Anodized and painted body
- Base for feed through connection
- Recessed lens
- UL STD 1598, IP66, Wet location
- On site head movement 360° degrees
- Aluminium construction
- Integrated power supply
- Finish powder coat RAL9003/RAL7016 RAL9005 structure
- Junction box 4x5mm2 - IN/OUT
- IK10

### Height

- M - 16" - 400mm
- L - 39" - 1000mm

### Power - Delivered lumens

- L = 23W 3000K 754 lm (360 degrees)

### Color Temperature

- 27 - 2700K
- 30 - 3000K
- 40 - 4000K
- 2 Step MacAdam
- CRI: > 85

### Optics

- QM - 0-360° (switch)

### Constant Voltage

- 110-240V

### Finish

- W=RAL 9003 Structure (white)
- AT=RAL 7016 Structure (grey anthracite)
- BK=RAL 9005 Structure (black)

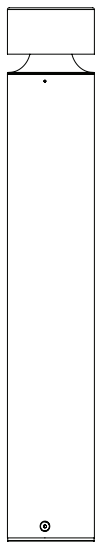

### Options

- D - DALI
- V - 0-10V

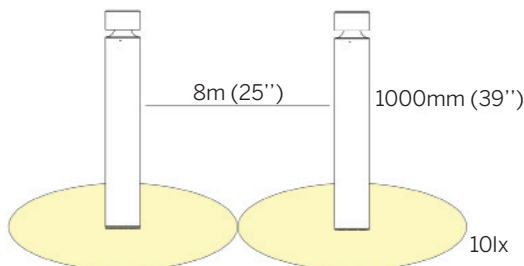

### Accessories

- 201846 - Installation Anchor (H400mm)

150mm (5.9")

400mm (16")  
1000mm (39")
