

TUGRA - CONNECTING SPACES

DESIGN

75mm tube light
Linear (300mm - 2,100mm)
4 colors in standard
Smart add-on modules
Continuous mounting channel
Quick assembly
IP66 (also as light band) & IK10

LICHTQUALITY

50,000h-100,000h / up to 185 lm/W
VARIZON technology optics kit
8 different LVKS
UGR19, BAP, indirect component
3000K, 3500K, 4000K, 6500K, (5000K)
1.200 lm - 17.000 lm
CRI >80 / CRI >90 / RGBW / HCL

SMART & MODULAR

Upgrade & Flexible Positioning
For single luminaire & continuous row
Saving mounting points
Sensor, Wifi repeater, data, 230V
Universal mounting plate
Barrier free cable duct

DIFFERENTIATION & DIVERSITY

Consistent design language in the project
New design options
Modularity & planning freedom
Various mounting options
Modular system
Can be used across applications

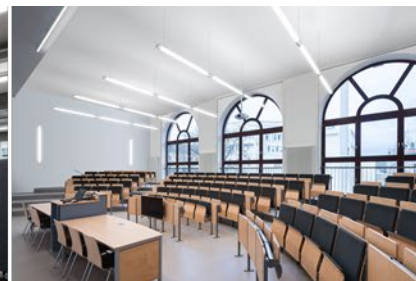

SUSTAINABILITY

Made in Europe
LEDM, LEDC & optics interchangeable
100% recyclable packing
Project (pallet) packing
Biobased plastic
